

Cars

Quotations "We aren't addicted to oil, but our cars are."

- James Woolsey

"Technology is supposed to make our lives easier, allowing us to do things more quickly and efficiently. But too often it seems to make things harder, leaving us with fifty-button remote controls, digital cameras with hundreds of mysterious features and book-length manuals, and cars with dashboard systems worthy of the space shuttle."

- James Surowiecki

Questions

- Do you drive? What do you love about driving?
- What's the best car in the world right now?
- What is your dream car? Why?
