

# Weapons

**Quotations** "A sword is never a killer, it is a tool in the killer's hands."

- Seneca

"I know not with what weapons World War III will be fought, but World War IV will be fought with sticks and stones."

- Albert Einstein

## Questions

- Are you allowed to carry a weapon (guns, knives and etc) in your country?
- Are there a lot of weapons in your country?
- Would you like to carry a weapon?
- Can you buy weapons in a shop?
- Can guns carried in public be used responsibly?
- Why do you think gun deaths are particularly high in America whereas it's much lower in Europe?
- Can society be made safer if everyone is allowed to carry a weapon?
- Can a country be safer without using guns?
- Will the world ever be free of weapons?
- Would you like to design or have a custom made weapon?
- What will weapons be like in the future?

**Presentation** You work for a local community group which wishes to petition the government to allow people to carry a weapon. Make a presentation in order to persuade the government of the day.
