

# Zombies

**Quotations** "I love horror. I love 'The Shining,' 'Friday the 13th,' 'Halloween,' all those kinds of things. I love zombies, especially '28 Days Later' and '28 Weeks Later,' where the zombies are going faster than the George Romero ones. I love being scared; there's something that's awesome about your heart rate going up like that."

- Ricky Schroder

"Why are people always shooting zombies? Why not just chop their heads off? How can zombies get you if you have a good sword?"

- Linden Ashby
