

Emails

Quotations "I am alone a lot, which is good. I need that time to just be alone after a long day, just decompress. So, I go to either my house or the hotel, or my apartment, or whatever - wherever I am, I go home and I watch TV and I sit there, with my cat, and I just watch TV or go online, check my emails."

- Taylor Swift

"The NSA has built an infrastructure that allows it to intercept almost everything. If I wanted to see your emails or your wife's phone, all I have to do is use intercepts. I can get your emails, passwords, phone records, credit cards."

- Edward Snowden
